

Seeking General Surgeon (Including Trauma) in SE Michigan

Position Available in Southeast Michigan (Monroe)

ProMedica Monroe Regional Hospital is seeking a hospital-employed General Surgery/Trauma physician for practice expansion, call sharing with other GS physicians in Monroe and to perform all aspects of general surgery services. Besides general surgery, we need someone with training or experience in minimally invasive and laparoscopic services. Surgeon will work with and share call with well-established, busy private practices and work directly in hospital-owned practice. Candidate must be either board certified or board eligible with commitment. The new surgeon will also take trauma call 1:5 onsite as we obtain Level II Trauma status (minor trauma). We are a progressive, growing community hospital servicing all of Monroe County with a balanced mix of patients. New hospital surgical suites completed in 2009 - \$39 million, six OR's, new Stryker 1288 video, earned Governor's Award, and have new daVinci Si robot.

- Standard OR tables and specialty tables (Midmark, Jackson, Chick)
- Four and eight hour block scheduling / Cross trained staff and CNOR certification; two RNFA's
- Run six rooms key hours then three rooms after hours and two rooms on Saturdays

Hospital

ProMedica Monroe Regional Hospital, formerly known as Mercy Memorial Hospital System; founded in 1929, is a 238-bed progressive community hospital serving all of Monroe County (152,021 estimated population). With a medical staff of over 300 professionals, ProMedica Monroe Regional Hospital is an integrated health care provider that offers a broad range of inpatient and outpatient services. Our network of care begins at ProMedica Monroe Regional Hospital and extends to Macomb Pharmacy, the Hospice of Monroe, HomeCare Connection, Home Respiratory Care, the Nursing Center, outpatient rehabilitation, outreach labs and a collection of primary and specialty physician offices.

Quality and patient safety are hallmarks of ProMedica Monroe Regional Hospital mission. A national leader in the treatment of heart attack, congestive heart failure and surgical care, the hospital is also a pacesetter in Michigan for obstetrics, emergency care, intensive care, controlling infections and organ donation. ProMedica Monroe Regional Hospital offers a wide range of services, including a birthing center, inpatient/outpatient mental health services; digital imaging with 2 new 64 slice CT scanners with low dose radiation and a new wide bore MRI unit.

In 2013 emergency visits exceeded 46,500; admissions 9,388; surgeries 7,626; outpatient visits 169,410; and 793 deliveries. ProMedica Monroe Regional Hospital offers a hospitalist service and utilizes an inpatient EHR system. In June 2011, the 10,000 sq.ft. Monroe Cancer Center joint venture opened with ProMedica of Ohio and nationally-renowned Karmanos Cancer Center, providing top-ranked medical and radiation oncology services at one location. ProMedica Monroe Regional Hospital is a teaching institution offering medical residencies in both, allopathic Family Medicine and osteopathic Emergency Medicine.

Community

ProMedica Monroe Regional Hospital is located in the historic community of Monroe in Michigan's southeast corner on Lake Erie. It is rich in historical heritage with a small city feel while supported by a diverse economy mixing retail with agricultural and commercial business (it is home to the world headquarters of La-Z-Boy and Tenneco). With scenic parks, rivers and Lake Erie, Monroe provides its residents with the resources to achieve their full potential at home and at work with a quality lifestyle. And the major metropolitan attractions of Detroit, Toledo, and Ann Arbor are easy commuting distances away.
