

Seeking a Pulmonology/Critical Care Physician

Opportunity in SE Michigan

Patient growth demands adding another physician to the practice serving much of Monroe County. Join a well-established practice of one physician part of large multi-specialty group doing full-scope Pulmonary and Critical Care medicine including Sleep Disorders at Mercy Memorial Hospital. Sleep studies at Mercy Memorial and consulting work at hospital as well as outpatients in own practice located near hospital. Call is 1:2 or 1:3. New doctor can do Pulm/CC/Sleep combo. ICU is top 1% in Michigan for zero VAPS for the past 6+ years (www.mhakeystonecenter.org). Affiliated with and administrative support from The Toledo Clinic (www.toledoclinic.com). Great benefits as employed by the Clinic with ample vacation; no practice buy-in to partnership. New fellows welcome.

Hospital

Founded in 1929, Mercy Memorial Hospital is a 238-bed progressive community hospital serving all of Monroe County (152,021 estimated population). With a medical staff of over 300 professionals, Mercy Memorial Hospital System is an integrated health care provider that offers a broad range of inpatient and outpatient services. Our network of care begins at Mercy Memorial Hospital and extends to Macomb Pharmacy, the Hospice of Monroe, HomeCare Connection, Home Respiratory Care, the Nursing Center, outpatient rehabilitation, outreach labs and a collection of primary and specialty physician offices.

Quality and patient safety are hallmarks of Mercy Memorial Hospital System's mission. A national leader in the treatment of heart attack, congestive heart failure and surgical care, Mercy Memorial is also a pacesetter in Michigan for obstetrics, emergency care, intensive care, controlling infections and organ donation. Mercy Memorial Hospital System offers a wide range of services, including a birthing center, inpatient/outpatient mental health services; digital imaging with 2 new 64 slice CT scanners with low dose radiation and a new wide bore MRI unit.

In 2013 emergency visits exceeded 46,500; admissions 9,388; surgeries 7,626; outpatient visits 169,410; and 793 deliveries. Mercy Memorial Hospital System offers a hospitalist service and utilizes an inpatient EHR system. In June 2011, the 10,000 sq.ft. Monroe Cancer Center joint venture opened with ProMedica of Ohio and nationally-renowned Karmanos Cancer Center, providing top-ranked medical and radiation oncology services at one location. Mercy Memorial Hospital System is a teaching institution offering medical residencies in both, allopathic Family Medicine and osteopathic Emergency Medicine.

Community

Mercy Memorial Hospital is located in the historic community of Monroe in Michigan's southeast corner on Lake Erie. It is rich in historical heritage with a small city feel while supported by a diverse economy mixing retail with agricultural and commercial business (it is home to the world headquarters of La-Z-Boy and Tenneco). With scenic parks, rivers and Lake Erie, Monroe provides its residents with the resources to achieve their full potential at home and at work with a quality lifestyle. And the major metropolitan attractions of Detroit, Toledo, and Ann Arbor are easy commuting distances away.
