Hospital

(www.mercymemorial.org)

Mercy Memorial Hospital is a 238-bed, full-service community hospital with 14 ICU beds which is part of the Mercy Memorial Hospital System serving the population of Monroe County. It is the primary force in health care services for this region with a service population exceeding 160,000. With a medical staff of 252 professionals, Mercy Memorial offers a wide range of services, including a birthing center, dialysis treatment, inpatient/outpatient mental health services, CT and MRI, cancer care, cardiac care, home health and hospice care, physical/occupational therapy and outpatient surgery.. In 2009, Emergency visits exceeded 45,000; admissions 10,000; surgeries 14,000; outpatient visits 180,000 and 865 deliveries. Great Hospitalist and Intensivist services. Effective hospital EMR. A new 10,000 s.f. Monroe Cancer Center being built by 2011 with Promedica of Ohio and nationally-renowned Karmanos Cancer Center of Detroit providing top-ranked medical and radiation oncology services at one location.

Community

(www.monroeinfo.com)

Mercy Memorial Hospital is located in the historic and picturesque community of Monroe in Michigan's southeast corner, the gateway to Lake Erie. It is rich in historical heritage while supported by a diverse economy mixing retail with agricultural and commercial business. It is home to both world headquarters of La-Z-Boy and Tenneco. With scenic parks and Lake Erie close to home, and major metropolitan attractions in Detroit, Toledo, and Ann Arbor are a short drive away, Monroe provides its residents with the resources to achieve their full potential.
